Not enough Pickleball courts. Suggested that tennis courts possibly be converted to Pickleball courts?

Audrey reports that trees will be planted in honor of Richard Roller and Roy Rodriquez. Date to be determined.

Website discussed and discussion to be presented in the future to assign committee members to oversee certain areas of information/content.

Schedule speakers for future meeting and for the public.

The Fall Festival is scheduled for October 14th . Our committee will be involved in set up/clean up.

6. Old Business:

Barbara Vesay requested that we move on from Bocce Court topic as this consumes much of our allotted time and there is no new information at present. The other public guests expressed thanks for the mailer. One guest monopolized the entire rest of the public speaking time discussing the Peak center and its offerings.

7. Discussion Items:

Committee thoughts, comments and suggestions are encouraged.

Question asked of public guests by Joyce Malageri re: how they got their information about our meeting. They referred to the mailer that was sent out to introduce our committee.

Joyce Malageri suggested that there should be a time limit set for public comment by any one person so that other public guests have the opportunity to have their comments, suggestions and ideas heard.

A vacancy remains on the senior committee. All are encouraged to recruit candidates.

8. Adjournment
